The i20 might be a small car, but you'll discover its also packed with the very best of Hyundai. You'll love its sporty look and feature-packed interior and is fun to drive and easy to park.

Passengers are protected by a reinforced-steel body and rigid cabin with front and rear crumple-zones. The doors are fitted with side-impact intrusion-bars for extra protection. As a result, the i20 scored 16 out of 16 in the side-impact crash test on its way to a 5-star ANCAP safety rating.

Pre-tensioners are fitted to the front seatbelts to reduce slack in the event of a frontal impact, and a 3-point seatbelt is fitted on all five seats. Its 5-star ANCAP safety rating is the highest possible safety rating for a motor vehicle in New Zealand.

The i20 has an incredible array of safety features as standard. Like the six airbag system - including front and rear passenger side curtain airbags, and Anti-lock brakes (ABS) which help you maintain control while braking.

A small car has never been so safe.
